- Design

SAFE AREA:

Keep all copy within the "Safe Area" to ensure it doesn't get cut off.

BLEED SIZE:

Make sure the artwork extends to the Bleed Area in order to ensure that the page is printed properly.

Safe Area

The diagram illustrates three horizontal dimensions on a page. The top dimension is a purple double-headed arrow labeled 'Safe Area', spanning from the left margin to the right margin. The middle dimension is a black double-headed arrow labeled 'Trim Size', spanning the entire width of the page. The bottom dimension is a red double-headed arrow labeled 'Bleed Size', also spanning the entire width of the page. The 'Safe Area' is narrower than the 'Trim Size' and 'Bleed Size'.
